

## **ISFCE Certified Computer Examiner Recertification Attempts Policy 2.2**

- 1.0 If a CCE recertification candidate on the first recertification attempt does not achieve an overall average passing grade of 80% based on one online and one practical exam score, a second complete attempt at recertification will be allowed after a mandatory wait period of 30 days from the date that the final grade was reported.
- 2.0 If a CCE candidate on the second recertification attempt does not achieve an overall average passing grade of 80%, the candidate must wait a mandatory 30 days and then may register to begin the entire CCE certification process to become CCE certified.
- 3.0 The full CCE registration fee will be charged for this CCE certification attempt. Policy for initial CCE certification will be enforced for the CCE candidate after failing the recertification attempts.
